# EquioPathics

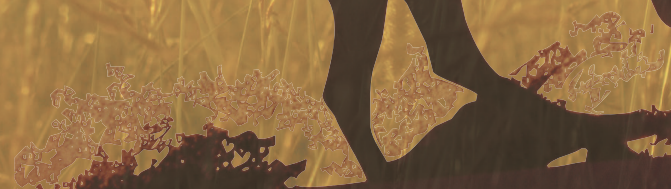

Natural Solutions for Livestock

## Asthma & Allergy | #704959640033

Relieves coughing, wheezing, shortness of breath, asthmatic conditions and sneezing due to pollen, hay and dust allergies, and seasonal allergies.

"One of our horses has severe allergies, but with Asthma & Allergy, we were able to show peak performance! It's also great that the EquioPathics are very palatable."

- E.W., New England

## Digestive Upsets | #704959640057

Relieves diarrhea –scour, flatulence, inappetence and digestive upset due to colic, poor digestion and IBD.

"I have a horse that has had two colic surgeries and maintenance wise it has definitely helped."

- Eileen Halloran

## Musculo-Skeletal | #704959640026

Remedy provides maximum support for restoring healthy joint function and stimulating cartilage regeneration, fast pain relief, reduction of inflammation, improved mobility, and regeneration of connective tissue and synovial fluid. Can be used in conjunction with other treatments.

"Terrific! We've used the Musculo-Skeletal for everything from stone bruises to founder to feet that have been quicked by the farrier's nail. The results have been fabulous!"

- M.H., TN

## Nose Relief | #704959640095

For relief from upper respiratory problems and sinus infections. Eases symptoms such as red/wet eyes, sneezing, nasal drip/discharge, and inflammation.

"My mare had a severe chronic sinus infection which nothing else helped. When I used the Nose & Sinus it cleared up quickly and completely."

- Dianne Mcentee, FL

## Pre-Performance Stress | #704959640040

Formulated for anxiety, nervous or factitious behavior associated with upcoming events such as shows and separation from stable. May also be used for loud noises, crowds and handling. Calming without taking away the energy. Takes the edge off without interfering with performance.

"My clients love it. The benefits that our riders have seen are all blue (ribbons)!"

- J.Macone

## Travel Anxiety | #704959640019

Addresses the fear or flight reaction associated with traveling including fear of loading, trailering, and shipping. Trail horses, new horses to barn, new handlers. Provides a calming effect and reduces energy consumption.

"I use this when shipping my horse who is normally nervous and does not drink water. She shipped well and settled in at her new destination"

- Kristen Salas, CA

## WRM Clear | #704959640064

Treatment of worm infestation where a drug free approach is favored. The ingredients have drug monographs covering tape, round and hookworms, bots and pin worms. Debilitation caused by severe worm infestation where concurrent use with conventional wormers is indicated. To aid recovery from worm infestation. To reduce environmental contamination by suppressing worm egg production and thus reducing reinfestation.

"I recommend and promote EquioPathics WRM Clear for all of my clients, organics and conventional"

- Dr. Ed Shafer
