

Flex-n-Chew...

Talking Points:

- Designed to be stretched, twisted, tugged, bounced and chewed, but always return back to its original shape without compromising its durability
- The unique shapes provide the perfect grip from any angle to make the ultimate fetch & retrieve toy
- The ridges on the ends of the toys give your dog the feeling that they are chewing through the toy while massaging his gums
- Floats for water based fun
- Made in the USA
