

# A New Way to Feed Hay.

## INTRODUCING OXBOW HARVEST STACKS

Feeding hay has never been easier...or cleaner.

### 80% LESS DUST

Harvest Stacks produce 80% less airborne dust particles than leading brands of loose hay when fed according to instructions.

### ENRICHING

The unique shape and texture of Harvest Stacks encourage added interaction between pets and the hay.

### NO BINDERS

Harvest Stacks contain no artificial additives or binders, just 100% all-natural compressed hay.

### SPACE-SAVING

Each compact box of Harvest Stacks contains 35oz of premium, all-natural Western Timothy hay. Ounce per ounce, Harvest Stacks take up approximately 1/4 the space of loose hay.
